|             |                   |
|-------------|-------------------|
| Type:       | knitted           |
| Fiber:      | poliester         |
| Coating:    | polyutethane      |
| Cuff style: | elastic knitwrist |
| Weight:     | light             |
| Colour:     | white             |
| Size:       | 6, 7, 8, 9, 10    |

### DESCRIPTION

Knitted, nylon seamless gloves with elastic knitwrist. Polyurethane coated on the palm side of the hand, PU with vestigial amount of DMF (below the minimum level, acceptable by the European Directive). Thin - provide good feeling of held object. Very lightweight gloves, comfortable and flexible, perfectly fit to every hand. Good resistance to tear and abrasion.

### APPLICATIONS

General mechanical work in a dry environment. Work requiring high precision and manual dexterity.

European Directive: 89/686/CEE  
EN420 General requirements for protective gloves  
EN388 Protective gloves against mechanical risk
