### DESCRIPTION

Protective gloves reinforced with grain leather. Made of selected natural leather and high quality knitwear, they protect hands, providing them with breathability, which significantly increases the comfort of work. Thanks to the elastic cuff, the model perfectly fits on the wrist and does not slide off the hand. Leather - soft and velvety on the inside - smooth on the outside, guarantees work ergonomics. Leather thumb and additional stitches on the fingers increase hand protection and glove durability.

### APPLICATIONS

Assembly work requiring precision, warehouse work, loading.
