

cutFIX

TECHNICAL DATAS

- Type: knitted
- Coating: PU
- Fiber: 13GG cut resistant composite yarn
- Cut style: elastic welt
- Weight: light
- Colour: gray
- Size: 6, 7, 8, 9, 10, 11

DESCRIPTION

Lightweight gloves with excellent mechanical resistance parameters. Made of knitted fabric coated with polyurethane coating. They have a long cuff protecting the wrist. They provide good protection against cuts, abrasions, tears and punctures. perfectly fitted, they are perfect for work requiring dexterity and excellent sensory parameters. Thanks to the integrated Sanitized® hygiene function, they are protected against bacterial growth and unpleasant odours are reduced. Knitted thumb crotch reinforcement extends glove lifespan, provides enhanced grip and cut resistance.

APPLICATIONS

The ceramics and glass industry, general maintenance, transport, injection molding, automotive and household appliances, high warehouses storage, gardening, agriculture, all work with sharp objects.

Abrasion resistance	4
Blade cut resistance	X
Tear resistance	4
Puncture resistance	2
ISO 13997 TDM	B

PPE Regulation (EU) 2016/425 | This article contains the active biocidal substance: Zinc pyrithione
 | EN ISO 21420:2020 General requirements for protective gloves | EN 388:2016+A1:2018 Protective gloves against mechanical risk
