## DESCRIPTION

Protective half-shoes made of velour leather. Light, breathable, thanks to the profiled insole, which adapts to the shape of the foot, they provide the highest comfort of use. Protective elements are perfectly combined with high quality materials to create footwear with a modern design, guaranteeing protection and comfort for the feet. The ATF technology used in the production process prevents the growth of bacteria, guaranteeing antibacterial and antifungal protection, and Ultra-Fresh helps to keep the footwear fresh and clean, eliminating unpleasant odors. Available in S1, S1P and ESD versions.
