

CUT-RESISTANT APRON SHORT

TECHNICAL SPECIFICATION

Material:	para-aramide
Colour:	yellow
Size:	63,50 cm x 55,88 cm

DESCRIPTION

Go to the highest level of protection - get to know the product made of fibres with the highest cut resistance (F level). Lightweight and comfortable aprons, with excellent parameters of puncture resistance (4) and good air permeability, are an ideal alternative to widely used leather clothing. Equipped with straps that can be adjusted, they provide protection and comfort.

APPLICATIONS

Glass industry, metalworking, working with sharp objects.
