

## antiCUT\_E APRON

### TECHNICAL SPECIFICATION

Material: high cut-resistance fabric - level E  
 Lining material: 100% nylon 220g  
 Colour: grey, black  
 Sizes: M/L, XL/XXL

### PROPERTIES

Cut-resistant apron - level E according to ISO 13997 TDM. Made from a soft, stretchy material that is pleasant to the touch compared to other anti-cutting fabrics available on the market - it guarantees the wearer adequate protection. Designed for tough working conditions, it features adjustable straps for a snug fit and a quick-release buckle for comfort. An ideal alternative to the widely used leather garment due to its significantly lighter weight and better air permeability characteristics.

### APPLICATION

Glass industry, metalworking, working with sharp objects.
